6. Learn other emerging visualization technologies (**Graduate students only**)
7. Learn how to formulate BIM-related research (**Graduate students only**)

### **Required Textbooks and Software**

No required textbooks. **The following software packages are required to be installed:**

- Autodesk Revit 2020
- Autodesk Navisworks Manage 2020 (note: Not Navisworks 360)
- Autodesk Recap Pro
- **Optional:** Lumion 10 (<https://lumion.com/>) This program requires high-end graphic cards to be installed in your computer. It is optional.

All Autodesk software packages are free to UF students. Please go to <http://www.autodesk.com>. Register and login with your UF email, and then go to “Manage Products and Downloads”.

### **Materials and Supply Fees**

No materials and supply fees. However, computers (desktop or laptop) that can support Autodesk software packages (listed in “Required Textbooks and Software”) are required for homework and team projects.

Specifications recommended by Autodesk can be found at <https://knowledge.autodesk.com/support/revit-products/learn-explore/caas/sfdcarticles/sfdcarticles/System-requirements-for-Autodesk-Revit-2020-products.html>.

**\*Apple Users:** Please note Apple operation systems (e.g., MacOS) are NOT compatible with Autodesk products. If you own Apple computers (e.g., MacBook, iMac), please use Boot Camp to install Windows OS as the secondary operation system. Make sure to allocate enough disk space to the secondary Windows OS (>200 GB) as most Autodesk software packages take up a lot of space.

**\*UF Apps: if you are having troubles installing the required software packages on your personal computer, an alternative is UF Apps.** <https://info.apps.ufl.edu/>. UF Apps allows you to use your web browser or “virtual machine” to open remote software packages installed on UF IT servers. It provides access to software applications

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

**Students Requiring Accommodations**

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <https://www.dso.ufl.edu/drc>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.
