

Engineering School of Sustainable Infrastructure and Environment

"The Coastal Ecosystem Dynamics Seminar"

EOC 6939 - Adv Topics Coast and Oc

Class Number: 28333

Instructor: Dr. Alberto Canestrelli

Location: Online class.

1 Credit – Fall 2020 – (last modified on 08/12/2020)

Description: 1 credit. The Coastal Ecosystem Dynamics (CESD) Seminar (also called the “coffee and talk CESD seminar”) consists of a weekly seminar in which graduate students present their research, research plans, or simply the state of the art of an identified topic, depending on the stage reached by their research. It consists of a very informal presentation, which purpose is not judging the level of the student’s research, but it is to share the student progress with other students and faculty, in order to get invaluable insight. Questions can be asked at any time, and constructive discussions after the presentation are encouraged.

Prerequisites: none

Time: Tuesday, 5th period 11:45 a.m.-12:35

Grading Scheme/Scale and Assignments: No assignments are given. Final grade will be Satisfactory (S) or Unsatisfactory (U). In order to obtain a Satisfactory grade the student will have to give 1 seminar on one of his research topics, and attend at least 50% of the seminars. GPA information can be found here: <https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/>

Note: this syllabus is subject to change; students who miss class are responsible for learning about any changes to the syllabus

Commitment to a safe and inclusive learning environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination.

It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Robin Bielling, Director of Human Resources, 352-392-0903, rbielling@eng.ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@ufl.edu
