

Mechanics of Engineering Structures

CES 3102

Class Periods: T, R | Periods 2-3 | 8:30 AM – 10:25 AM

Location: Online (Zoom), MAT 0018

Academic Term: Spring 2021

Instructor:

Arthriya Subgranon, Ph.D.

arthriya@ufl.edu

352-392-9537

Office Hours: Zoom, T, R 3 PM - 4 PM, or by appointment.

Course Description

Introduces structural load, equilibrium, shear and bending moment diagrams, structural analysis software, classical methods for displacement determination, method of consistent deformations, slope deflection method, moment distribution method.

Course Pre-Requisites

EGM 3520

Course Objectives

To develop the students' ability to:

1. Identify, formulate and solve problems encountered in structural analysis as an integral part of the design process in engineering practice;
2. Understand the behavior of structures and components under various loading conditions;
3. Apply classical and contemporary methods of structural analysis in engineering practice;
4. Communicate effectively in homework, quizzes and class discussions to strengthen these skills for use in practical engineering;
5. Introduce students to structural engineering software

Materials and Supply Fees

None.

Professional Component (ABET):

CES 3102 is a required course in the Civil Engineering BS curriculum.

Expected Program Outcomes (ABET):

1. An ability to identify, formulate, and solve complex engineering problems by applying principles of engineering, science, and mathematics
2. An ability to apply engineering design to produce solutions that meet specified needs with consideration of public health, safety, and welfare, as well as global, cultural, social, environmental, and economic factors
3. An ability to communicate effectively with a range of audiences
4. An ability to recognize ethical and professional responsibilities in engineering situations and make informed judgments, which must consider the impact of engineering solutions in global, economic, environmental, and societal contexts
5. An ability to function effectively on a team whose members together provide leadership, create a collaborative and inclusive environment, establish goals, plan tasks, and meet objectives
6. An ability to develop and conduct appropriate experimentation, analyze and interpret data, and use engineering judgment to draw conclusions
7. An ability to acquire and apply new knowledge as needed, using appropriate learning strategies

Required Textbooks and Software

Structural Analysis
 Russel C. Hibbeler
 10th Ed., 2018
 ISBN: 0134610679

Course Schedule (Tentative)

Class	Date (2020)	Hibbeler Chapter	Topic	Homework	
				Assigned	Due
1	01/12	1	Introduction, Materials and Structures, Idealization	1	
2	01/14	2, 5.5	Reactions, Determinacy, Multi-member Structures		
3	01/19	3	Trusses - Method of Joints, Zero Force Members		
4	01/21		Quiz 1 - Reactions, Equilibrium, Determinacy	2	1
5	01/26	3	Trusses - Method of Sections		
6	01/28	4	Shear and Moment Diagrams		
7	02/02	4	Shear and Moment Diagrams		
8	02/04		Quiz 2 - Trusses	3	2
9	02/09	6	Influence Lines - Construction		
10	02/11	6	Influence Lines - Application		
11	02/16	8	Beam Deflections - Double Integration		
12	02/18		Quiz 3 - Shear and Moment Diagrams	4	3
13	02/23	8	Beam Deflections - Double Integration		
14	02/25	8	Beam Deflections - Moment-Area		
15	03/02	8	Beam Deflections - Moment-Area		
16	03/04		Quiz 4 - Influence Lines	5	4
17	03/09	9	Energy Methods, Virtual Work	Frame	
18	03/11	9	Virtual Work for Beams and Trusses		
19	03/16	9	Virtual Work for Beams and Trusses		
20	03/18		Quiz 5 - Double Integration and Moment-Area	6	5
21	03/23	10	Indeterminate Analysis - Force Method		
22	03/25	10	Indeterminate Analysis - Force Method		
23	03/30	15	Indeterminate Analysis - Stiffness Method Introduction		
24	04/01		Quiz 6 - Virtual Work	7	6
25	04/06	15	Indeterminate Analysis - Stiff. Meth. - Beams		
26	04/08	15/16	Indeterminate Analysis - Stiff. Meth. - Beams/Frames		
27	04/13	16	Indeterminate Analysis - Stiff. Meth. - Frames		Frame
28	04/15		Review		7
28	04/20		Quiz 7 - Indeterminate Analysis		

Online Course Recording

Our class sessions may be audio visually recorded for students in the class to refer back and for enrolled students who are unable to attend live. Students who participate with their camera engaged or utilize a profile image are agreeing to have their video or image recorded. If you are unwilling to consent to have your profile or video image recorded, be sure to keep your camera off and do not use a profile image. Likewise, students who un-mute during class and participate orally are agreeing to have their voices recorded. If you are not willing to consent to have your voice recorded during class, you will need to keep your mute button activated and communicate exclusively using the "chat" feature, which allows students to type questions and comments live. The chat will not be recorded or shared. As in all courses, unauthorized recording and unauthorized sharing of recorded materials is prohibited.

F2F Course Policy in Response to COVID-19

We will have face-to-face instructional sessions to accomplish the student learning objectives of this course. In response to COVID-19, the following policies and requirements are in place to maintain your learning environment and to enhance the safety of our in-classroom interactions.

- You are required to wear approved face coverings at all times during class and within buildings. Following and enforcing these policies and requirements are all of our responsibility. Failure to do so will lead to a report to the Office of Student Conduct and Conflict Resolution.
- This course has been assigned a physical classroom with enough capacity to maintain physical distancing (6 feet between individuals) requirements. Please utilize designated seats and maintain appropriate spacing between students. Please do not move desks or stations.
- Sanitizing supplies are available in the classroom if you wish to wipe down your desks prior to sitting down and at the end of the class.
- Follow your instructor's guidance on how to enter and exit the classroom. Practice physical distancing to the extent possible when entering and exiting the classroom.
- If you are experiencing COVID-19 symptoms ([Click here for guidance from the CDC on symptoms of coronavirus](#)), please use the UF Health screening system and follow the instructions on whether you are able to attend class. [Click here for UF Health guidance on what to do if you have been exposed to or are experiencing Covid-19 symptoms.](#)
- Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work. [Find more information in the university attendance policies.](#)

Attendance Policy, Class Expectations, and Make-Up Policy

This class meets twice a week, 100 minutes per class period. Each period will start with a brief review of previous material and/or questions on homework, followed by a lecture on new material. Usually a short break will be given part way through the lecture period. Quizzes will be given approximately every two weeks (see tentative course schedule). Regular attendance is strongly recommended for success in this course. While attendance does not make up a specific component of the course grade, it will be reflected in homework and quiz grades. Excused absences must be consistent with university policies in the undergraduate catalog (<https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx>) and require appropriate documentation.

Homework: Eight homework assignments will make up 15% of your final grade. Seven problem sets will be assigned throughout the semester and will be due at the time of a quiz given on the same material (see tentative course schedule). An eighth homework assignment (the Frame assignment) will be given over the structural analysis software you will learn in class. Homework assignments will be posted on the course website. Homework must be submitted through Canvas, scanned on engineering paper with a clearly defined problem statement, given information, required information, and a clearly indicated solution(s). Homework that cannot be read will not be

graded. All solutions must have correct units; solutions without correct units will be penalized. Assignments are due at the beginning of class (8:30 am) on the due date unless otherwise stated. Late homework will not be accepted and will receive a grade of zero. The lowest homework score will be dropped (excluding the Frame assignment, which will not be dropped).

Quizzes: Seven in-class quizzes will comprise 85% of your final grade. All work and solutions (with correct units and direction) are to be shown on the quiz in the space provided. Quizzes will be administered via Honorlock.

The lowest quiz grade will be dropped. This policy generally removes the need for make-up quizzes caused by unplanned or conflicting events, illness, etc. Students who must miss a quiz due to University approved business should notify the instructor three weeks in advance with a written explanation for the absence along with the appropriate documentation. Otherwise, no make-up quizzes will be given. In order for the last quiz (#7) to be dropped, you must score higher than a 60% on that quiz.

Evaluation of Grades

Assignment	Total Points	Percentage of Final Grade
Homework Sets (8)	100 each	15%
Quizzes (7)	100 each	85%
Total		100%

Grading Policy

Percent	Grade	Grade Points
93.0 - 100	A	4.00
90.0 - 93.0	A-	3.67
87.0 - 90.0	B+	3.33
83.0 - 87.0	B	3.00
80.0 - 83.0	B-	2.67
77.0 - 80.0	C+	2.33
73.0 - 77.0	C	2.00
70.0 - 73.0	C-	1.67
67.0 - 70.0	D+	1.33
63.0 - 67.0	D	1.00
60.0 - 63.0	D-	0.67
00.0 - 60.0	E	0.00

More information on UF grading policy may be found at:

<https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx>

Students Requiring Accommodations

Students with disabilities who experience learning barriers and would like to request academic accommodations should connect with the disability Resource Center by visiting <https://disability.ufl.edu/students/get-started/>. It is important for students to share their accommodation letter with their instructor and discuss their access needs, as early as possible in the semester.

Course Evaluation

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.ua.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.ua.ufl.edu/public-results/>.

University Honesty Policy

UF students are bound by The Honor Pledge which states, “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honor and integrity by abiding by the Honor Code. On all work submitted for credit by students at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.” The Honor Code (<https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/>) specifies a number of behaviors that are in violation of this code and the possible sanctions. Furthermore, you are obligated to report any condition that facilitates academic misconduct to appropriate personnel. If you have any questions or concerns, please consult with the instructor or TAs in this class.

Commitment to a Safe and Inclusive Learning Environment

The Herbert Wertheim College of Engineering values broad diversity within our community and is committed to individual and group empowerment, inclusion, and the elimination of discrimination. It is expected that every person in this class will treat one another with dignity and respect regardless of gender, sexuality, disability, age, socioeconomic status, ethnicity, race, and culture.

If you feel like your performance in class is being impacted by discrimination or harassment of any kind, please contact your instructor or any of the following:

- Your academic advisor or Graduate Program Coordinator
- Robin Bielling, Director of Human Resources, 352-392-0903, rbielling@eng.ufl.edu
- Curtis Taylor, Associate Dean of Student Affairs, 352-392-2177, taylor@eng.ufl.edu
- Toshikazu Nishida, Associate Dean of Academic Affairs, 352-392-0943, nishida@eng.ufl.edu

Software Use

All faculty, staff, and students of the University are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against University policies and rules, disciplinary action will be taken as appropriate. We, the members of the University of Florida community, pledge to uphold ourselves and our peers to the highest standards of honesty and integrity.

Student Privacy

There are federal laws protecting your privacy with regards to grades earned in courses and on individual assignments. For more information, please see: <https://registrar.ufl.edu/ferpa.html>

Campus Resources:

Health and Wellness

U Matter, We Care:

Your well-being is important to the University of Florida. The U Matter, We Care initiative is committed to creating a culture of care on our campus by encouraging members of our community to look out for one another and to reach out for help if a member of our community is in need. If you or a friend is in distress, please contact umatter@ufl.edu so that the U Matter, We Care Team can reach out to the student in distress. A nighttime and weekend crisis counselor is available by phone at 352-392-1575. The U Matter, We Care Team can help connect students to the many other helping resources available including, but not limited to, Victim Advocates, Housing staff, and the Counseling and Wellness Center. Please remember that asking for help is a sign of strength. In case of emergency, call 9-1-1.

Counseling and Wellness Center: <http://www.counseling.ufl.edu/cwc>, and 392-1575; and the University Police Department: 392-1111 or 9-1-1 for emergencies.

Sexual Discrimination, Harassment, Assault, or Violence

If you or a friend has been subjected to sexual discrimination, sexual harassment, sexual assault, or violence contact the **[Office of Title IX Compliance](#)**, located at Yon Hall Room 427, 1908 Stadium Road, (352) 273-1094, title-ix@ufl.edu

Sexual Assault Recovery Services (SARS)
Student Health Care Center, 392-1161.

University Police Department at 392-1111 (or 9-1-1 for emergencies), or <http://www.police.ufl.edu/>.

Academic Resources

E-learning technical support, 352-392-4357 (select option 2) or e-mail to Learning-support@ufl.edu.
